AGS United Arab Emirates, exhibitor partner at the Dubai World Expo

Dubai, September 21, 2021 – *With more than 190 participating countries and 25 million visitors expected, the Dubai World Expo, which starts on October 1st, is a world-class event, one of the first since March 2020. In this context, AGS United Arab Emirates will play an important role in supporting the exhibitors in their logistical needs.*

The Dubai World Expo, a symbol of the recovery of international trade

More than a year and a half after the start of the Covid-19 pandemic, the mobility of goods and people is gradually resuming. Against this backdrop of international travel restrictions, the Dubai World Expo, originally scheduled to take place between October 2020 and April 2021, will finally be held from October 1, 2021, to March 31, 2022.

The Dubai World Expo symbolises the rebirth of global and cultural exchange while we learn to "live with the virus". This reconnection between nations and cultures in a framework of sharing and creativity will be represented by exhibitors in each of the pavilions, which are dedicated to the themes of "mobility", "sustainability" and "opportunity".

AGS, a reference in the transport and event logistics sector

A pioneer in the mobility industry, the AGS Group has been a world leader in the transportation of goods for nearly 50 years, particularly in the field of international moving. By constantly considering the changing needs of its customers, the AGS Group is able to provide customised moving, transportation and logistics services on five continents.

The AGS team, and its Emirati subsidiary in particular, has extensive experience in event logistics.
